

Wedding Album Design

Wedding album design for a newly wed couple is a very priceless gift. If you want to create a personalised design for a newly wed couple you may want to embroidery their names and wedding date. The album that you may want to purchase can be a 100 to 200 pockets of album measuring 9inches X 7.2inches X 2inches (23cm X 18.5cm X 4.8cm). Cut the cross stitch cloth to 9inches X 7.1inches (23cm X 18cm). I do not have the wedding bell design but the 2nd design is shown below:
